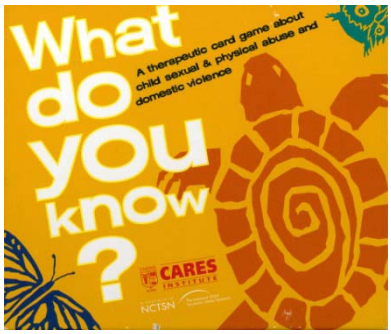
This book is designed for professionals to utilize in the context of therapy with children and families who are at-risk for conflict, aggression, and child physical abuse (CPA). It can be used both with children who have disclosed and those who have not yet disclosed these experiences. The book provides the personal stories of three families who are dealing with physical abuse and their experiences with the child protection system, therapy, and their journey to overcoming the impact of abuse. The book is intended to validate the feelings and experiences of children and parents and to assist them in talking openly about CPA and its impact on families, to educate them about the therapeutic process, and to instill hope for healing. (**Also available in Spanish)**



What Do You Know? is a bilingual therapeutic card game about child sexual & physical abuse and domestic violence. A wonderful tool to be used in many different ways to help children and their families open up about child abuse. Each individual card is written in English and Spanish and the instructions for clinicians are bilingual as well!
